PICKERINGS

Summerhall Distillery was the first gin distillery to be established in Edinburgh for over 150 years. Based on an original Bombay recipe, kept secret since 1947, the key to the gin's smoothness is the custom-designed bain-marie heating system. This provides a heat to the still which means the botanicals simmer long enough coax out their subtle, soft flavours.

Delicately distilled with fantastically fresh juniper, coriander, citrus peel and orris root, then heather and milk thistle for that piece of extra magic.
